A350
Color Screen Time & Attendance

Cloud

WiFi

Linux

Battery

A350 is the new generation fingerprint time attendance terminal based on Linux platform and supports cloud application. A350 houses 3.5-inches color LCD and touchable keypad along with touch optical fingerprint sensor. Full upgrade for A350 with battery will power your business anytime and anywhere. The webserver function realizes the easily self management of the device.The optional WiFi, 4G and Bluetooth function ensures flexible application of the device.

A350

Cloud based fingerprint and RFID time attendance device

■ Features

1Ghz Linux Based CPU
The new Linux based 1Ghz processor ensures the 1:3000 comparison time less than 0.5 second

Optional WiFi & Bluetooth
The WiFi & Bluetooth function ensures power on to work, and realize the flexible installation of the device.

Optional 4G
The 4G commnication ensures the flexible communication saving the installation cost and applied in the area with poor or without internet.

Optional Battery
The long life battery ensuring up to 10 hours portable application.

Touch Active Fingerprint Sensor
The touch active sensor ensures the quick response for each detection and saving the total power consumption of the device.

Touch Active Keypad
The touch active sensor ensures the best user experiences for and saving the total power consumption of the device.

Colorful LCD Screen
The Colorful LCD screen ensures the best interaction and user experiences and can also provide clear notifications to the users.

Webserver
The Webserver ensures the easily quick connection and self management of the device
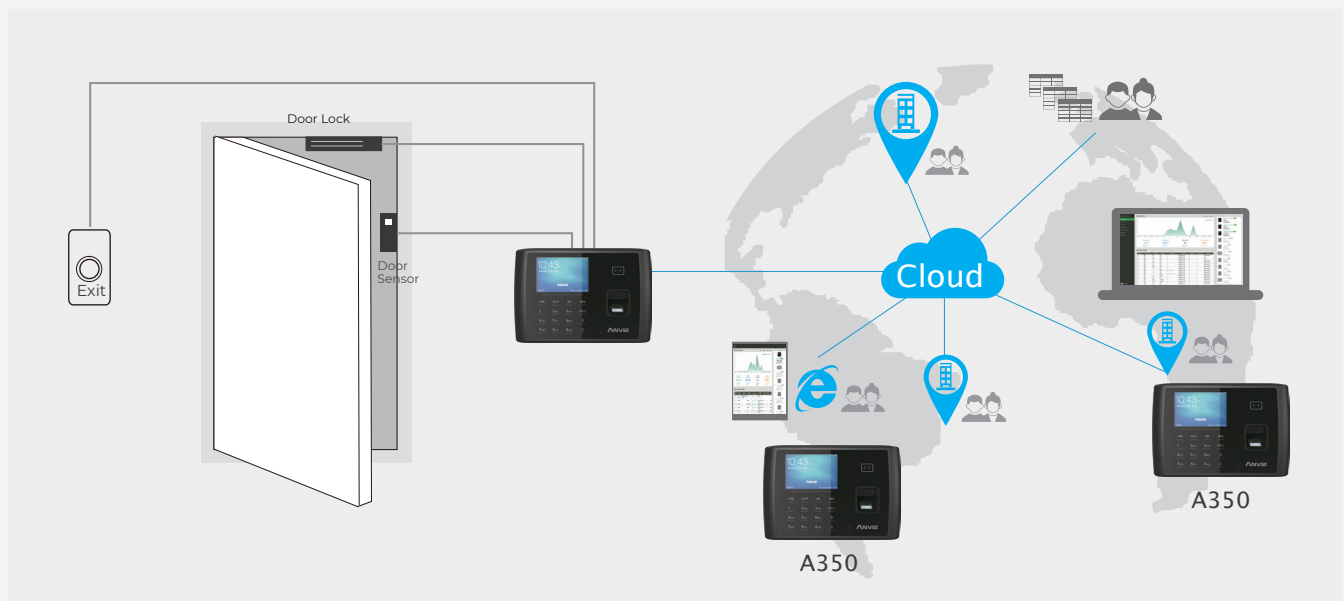

Cloud application
The web based cloud application let you access to the device by any mobile terminal from anytime and anywhere.

■ Key Specifications

User	3,000
Card	3,000
Record	100,000
Communication	TCP/IP, USB Host, Mini USB, RS485, Optional WiFi & Bluetooth, Optional 4G
Identification mode	Fingerprint, Card, Password
Identification speed	<0.5s
Card reading distance	1~5cm (125KHz), 13.56MHz >2CM) for standard CR80 card
WebServer	Support
CPU	Linux based 1GHz
LCD	3.5" TFT
RFID Card	Standard 125KHz EM ,Optional 13.56MHz Mifare
Working Temperature	-30°C to 60°C
Humidity	20% to 90%
Power	DC5V
Battery	Optional
