WORK OF BREATHING CHART

Work of breathing is the energy expended to inhale and exhale a breathing gas, measured in joules. The lower the joule measurement, the easier it is to breath.

WORK OF BREATHING (J/1) @ 25 bpm		
Aqua Lung Sport (AQUA LUNG)	1.19	BEST
Ocean Reef (HEAD)	1.36	
Tribord (DECATHALON)	1.94	
OlySpeed (Alien)	2.24	WORST

(Aqua Lung Measure - 25 breaths per minute)
